

# Tourism Fiji Roadshow Success

**Tourism Fiji and visiting Fiji product suppliers celebrated the culmination of another successful New Zealand roadshow with an industry lunch at the Hilton Auckland this afternoon.**

Organisers say the roadshow was one of the destination's biggest for a number of years—with the visiting

Fijian suppliers representing an extensive range of product. The visiting suppliers say agents attending the events across the country were 'very engaged'. At the same time the high number of tourism plant represented at the roadshow, reinforces the destination's ongoing commitment to the Kiwi market.
