

Award-winning Fijian wellness

For the fourth year in a row the Bebe Spa Sanctuary at Outrigger Fiji Beach Resort has won the Pevonia International Spa Design of the Year award. The thatched-roofed retreat with traditional Fijian interiors is positioned on a hill top where you and your loved one can enjoy panoramic views of the Coral Coast and crystal-clear ocean. Succumb to traditional techniques accentuated with coconut oil-based products from Pure Fiji and Pevonia Botanica. The eight treatment rooms feature open-air balconies with 'Showers in the Sky'. Choose one of the four with a sunken hydrotherapy tub to treat yourself or watch the sun set in the pre- and post- treatment relaxation rooms. outrigger.com
