OAHU HAWAII

AN EVER-EVOLVING PARADISE

Demand remains high for one of Hawaii's most popular islands, as vacationers flock to Oahu's hip, urban beach style in Waikiki. Luxury resorts and family condominiums line the island's balmy shores, complemented by a wealth of activities. Along with significant historical sites, cultural activities rooted in Hawaii's rich traditions and adventures into nature, there is an ever-evolving collection of new restaurants, shops and lodging possibilities from which to choose.

HOTEL HAPPENINGS

Oahu is always awash with activity, and among the recent developments are a number of new hotels. Here are the highlights:

- › Waikiki Beachcomber by Outrigger, the former Holiday Inn Resort Waikiki Beachcomber that was rebranded in February 2018, is wrapping up a \$30 million renovation in December 2018. The 496-key hotel now features a design that incorporates the work of Hawaii artists in all guestrooms and suites, as well as the lobby, pool, restaurants, retail stores and meeting space.
- › In other Outrigger news, summer 2018 saw the launch of a more interactive pool experience at Outrigger Reef Waikiki Beach Resort, featuring personalized storytelling and Hawaiian music. Meanwhile, Outrigger Waikiki Beach Resort opened its exclusive oceanfront Voyager 47 Club Lounge.

Convivial Maui, elegant Lanai and unpretentious Molokai combine to offer virtually any style of Hawaii connection a traveler could desire. Each of the three offers jaw-dropping beauty of sand and sea, tropical splendor and warm-hearted people truly enthusiastic about showing visitors their Hawaii. Those who love having a collection of choices will thrive on Maui and its small neighbors, with opportunities for ultimate luxury and adventure on Lanai, and an authentic taste of truly local life on Molokai.

MAUI

For those who have visited Maui, it's likely they have nothing but fond memories of the island, from watching the sun rise over Haleakala to catching sight of giant sea turtles while snorkeling among colorful reefs to enjoying the soft sands and warm waters of the island's perfectly golden beaches. Fortunately for visitors, now there are even more things to do and places to stay. Here are the hotel highlights:

- › Outrigger Hotels and Resorts took over management of the 38-acre oceanfront Honua Kai Resort & Spa in 2018. The resort, located on Maui's renowned Kaanapali North Beach, is also expanding its offerings with a build-out of 72 townhomes, scheduled for completion in 2020.
