About Hōkūleʻa:

More than a voyaging canoe, Hōkūleʻa is a symbol of cultural resilience, crafted as a replica of ancient Polynesian vessels. Since her first voyage in 1975, Hōkūleʻa has represented the revival of indigenous knowledge, navigating by stars, ocean swells, and nature alone. Her journeys inspire a collective commitment to safeguarding our natural and cultural heritage for future generations. Hōkūleʻa’s presence reminds us that by connecting with tradition, we create new paths toward a sustainable future. Learn more about Hōkūleʻa and the Polynesian Voyaging Society: [Paeʻāina Sail](#)
